Hi Roger -- The version attached above is what I have from our team meeting on SOW on September 19th. I need confirmation that Karen sent the attached version to Andrew. Also, we need to let WV know if you haven't already that the version you sent to WV was not accepted by EPA. Thanks-Jacquie

Here's the latest version of the SOW I was able to locate in my emails from Karen. This draft was sent to Walt Ivey on September 30. I have no record, however, of the draft being forwarded to DuPont for review.

Excellent. Roger, when you get a chance, can you forward that email to the team?

I just saw Karen and Roger, and they confirmed that yes, the comments to the SOW were sent to DuPont.

Hi Team – can anyone confirm with Karen whether she responded to the 9/12 SOW that Mike Meloy sent to me (see below)? I have a 9/19 redline to the 9/12 proposal, and we need to know if the 9/19 redline (also attached) was ever sent to the Respondents. Thanks-Jacque

Hi Team – see the attached revised SOW. I spoke to Mike this morning and he reiterated that Respondents believe they can meet our target date of 9/19 for a response on the final offer we provided to them last week.

Jacquie –

I am attaching for consideration by EPA an updated version of the proposed scope of work that EPA circulated on September 1. The limited changes to the text of the scope of work and two of the attachments for the scope of work are shown in a redlined format. All of the changes that EPA made to the scope of work were incorporated into the document prior to making the revisions shown in a redlined format. Please let us know if EPA should have any questions or concerns regarding the attached document.

Best regards.

Michael
